## Professional Experience

### Head of PMO & IT Development

Central Bank of Hungary (MNB), Budapest | Dec 2023 – Sept 2025

- Directed IT Development division with 40+ staff across Application Development, IT Demand Management, and PMO.
- Provided strategic leadership to 17 PMs and 3 PM Assistants, driving IT portfolio execution of 200+ projects annually.
- Oversaw capacity/resource management, portfolio prioritization, and alignment with the bank's strategic vision.
- Acted as a key liaison between executive leadership and project teams, ensuring transparent governance and delivery.

### Project Management Officer (PMO Lead)

Central Bank of Hungary (MNB), Budapest | Aug 2020 – Nov 2023

- Led the PMO's daily operations with 17 staff, supervising project planning, execution, and reporting.
- Managed IT project portfolio governance across 200+ concurrent initiatives, including blockchain adoption and risk/accounting system modernization.
- Strengthened project standards, tools, and methodologies to optimize transparency and accountability.

### Senior IT Project Manager

Central Bank of Hungary (MNB), Budapest | Jan 2019 – Jul 2020

- Delivered IT projects in blockchain, risk management, accounting, and banking supervision systems.
- Oversaw end-to-end project administration: budgeting, procurement, vendor management, and reporting.

### IT Project Manager

Central Bank of Hungary (MNB), Budapest | Jul 2017 – Dec 2018

- Managed core banking and regulatory IT projects, ensuring compliance and alignment with MNB's digital strategy.

**Project Coordinator**

National Health Insurance Fund, Budapest | Sep 2011 – Jun 2017

- Coordinated large-scale EU and government-funded projects (budgets up to ~2.8B HUF / €9M+).
- Directed budgeting, public procurement, and contract management for digital health and reporting solutions.
- Oversaw development and deployment of data provision systems (Oracle APEX).

**Earlier Roles:** Demonstrator (Corvinus University, 2011), Intern (Ministry of Foreign Affairs, 2011).
