

Cieciera, Mateusz

Role/Skills Compared to Requirements

Skills Required	Years of experience	Client/Position/Period (ONLY bullet points!)
Working/Consulting experience in MS Dynamics complex programs	10	05/14-02/15 Anegis, Junior Developer 03/15-04/19 Sygnity S.A./Sygnity Business Solutions S.A., Junior developer, developer 05/19-08/21 Annata, Developer 08/21-06/22, Tata Consultancy Services, Developer 08/22-08/23, Ryse Technologies, Senior technical consultant 03/20-today, 7F Technology Partners, Senior developer
Several years of experience in the development of solutions for processes in MS D365 and Azure Platform and F&O Inventory Management and Production		
Programming skills must-have: X++		
Experience in the creation of technical design documents and solution concepts as well as bug fixing		
Business fluent English language skills (written and spoken)	5	05/14-02/15 Anegis, Junior Developer 05/19-08/21 Annata, Developer 08/21-06/22, Tata Consultancy Services, Developer 08/22-08/23, Ryse Technologies, Senior technical consultant 03/20-today, 7F Technology Partners, Senior developer
Nice to Haves		
Programming skills Nice-to-have: C#, Web Technologies such as HTML, Java Script and Canvas APPs	1	03/15-04/19 Sygnity S.A./Sygnity Business Solutions S.A., Junior developer, developer
Know-how in the relevant processes: Production, Stocktaking (Inventory), consignment stock (Customer, supplier), pre-seasonal stocking incl. automatic creation of purchase orders and supplier auto replenishment	7	03/15-04/19 Sygnity S.A./Sygnity Business Solutions S.A., Junior developer, developer 08/21-06/22, Tata Consultancy Services, Developer 08/22-08/23, Ryse Technologies, Senior technical consultant 03/20-today, 7F Technology Partners, Senior developer

MATEUSZ CIECIERA CV

DYNAMICS 365 FINANCE & OPERATIONS DEVELOPER

During my carrier I have recognized many topics related to that ERP system: starting from installation and configuration (including setting up VM machines and system administration), through X++ and SSRS development ending with 3rd party application integration and providing support to clients.

- ✓ MS Dynamics AX 2012 (R2, R3), D365FO
- ✓ System administration
- ✓ X++ programming
- ✓ Application integration
- ✓ Experience with Visual Studio
- ✓ Base level .NET/C#

TECHNICAL EXPERTISE

Databases: MS SQL Server

Programming: X++ | SSRS | C# | REST APIs | T-SQL | Bash/Shell

ERP: MS Dynamics AX 2009/2012 (R2, R3), D365 Finance and Operations

PROFESSIONAL EXPERIENCE

7F-TP |

Mar 2020 – Today

Developer

Internal products

- D365FO: implemented the White List functionality
- D365FO: VIES integration
- D365FO: Electronic reporting configuration/modifications (e-invoicing solution)

Multiple clients

- AX 2012: Finance, Project Management and Accounting, Human Capital Management – new functionalities, SSRS reports modification and creation from the scratch
- D365FO: modifications in many modules, troubleshooting
- D365FO: SSRS report modification
- D365FO: integration between D365FO and 3rd party software (REST API) – vendor creation, PO creation, PA creation

Ryse Technologies

Aug 2022 – Aug 2023

Senior technical consultant

Multiple clients

- D365FO: modifications on AR, AP, GL, Procurement and Sourcing, Inventory management (forms, classes, tables, security etc.)
- Troubleshooting
- Data entities development (including cooperation with BYOD team)
- Web services development
- Merging and deployment

- System upgrades
- 3rd party applications upgrades
- Working with other software vendors (i.e. Folio3)
- System maintenance (database management, batch job maintenance)
- Working with VS2019, LCS, Azure DevOps

Tata Consultancy Services

Sep 2021–Jun 2022

Developer

Adecco

- D365FO: modifications on AR, AP, GL, Procurement and Sourcing (forms, classes, tables, security etc.)i.e.:
 - customer/vendor compensation
 - automatic transactions settlement
 - integration between Concur and D365FO
- Worked with VS2019, LCS, Azure DevOps
